

Sound Energy

Its sound energy! The energy is producing the sound that we hear right now!

yea the sound!

Do you guys hear that?? Its the music!

Light Energy

Its the energy that causes the light so we can see the color!

I know it is! I wonder how the sun gets its light??

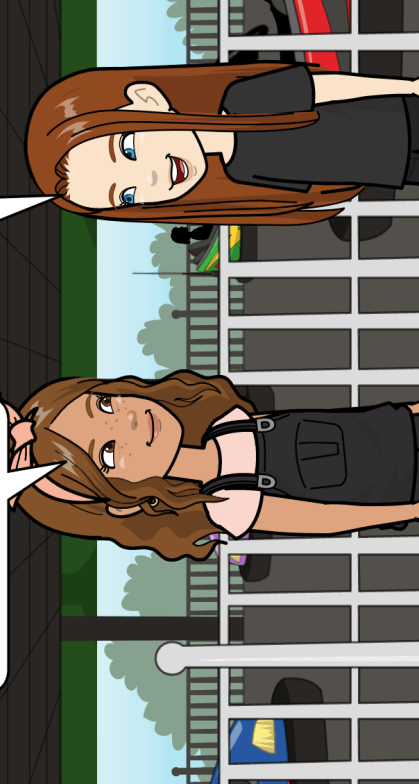

The sun is SOO bright!

Mechanical Energy

yea it is! Mechanical is energy an object has bc of its motion like those bumper cars over there!

Wow! this looks amazing the cars are so cool it looks like their using Mechanical energy!

Chemical Energy
