

# THANK YOU

Dear Mr./Mrs./Ms./Dr.

Thank you for our comfortable furniture. I can fix my posture and not have an aching back. I can focus in class better and have more space to use just by rolling around. Sometimes when I have too much energy, I can bounce around. Or when I'm tired and want to relax I can sit on a cushion. My experience in school has become more comfy and cool.

-Sincerely,  
Emma
