

Dear Madam,

Thank you so much for your generous donation to our classroom. Your generosity greatly impacts our everyday lives.

In our classroom flexible seating makes us all better learners. For example, being able to be comfortable and share my knowledge with my classmates and them doing the same gives me the opportunity to see science from another person's perspective. I am able to explain knowledge or get help from my peers when needed. I also tend to stay more focused when I am comfortable and have a familiar atmosphere. Thank you again for your generosity. We greatly appreciate it.

Thank you,
Lillith Lundborg
