6/7/2015 8:02:54 AM	you	I found this site very helpful this year while making CP Soaps with all my High School Chemistry Students. Love your calculator and decided to place an order. If you could extend an Educator Discount or some FREE! butters, oils or fragrance to our order that would help spread our limited dollars further. Thank you for considering our request. 6/7/2015 12:10:26 PM	Berry	Thank you so much for your order! We only give 1 sample per order, but I'll have a couple more tucked in for you this time (Shh!). Please let me know if there is anything else I can do! :)
