

Thank you for the

Here is a video of 3rd grade students working with the OSMO set.

More students are not only asking to code on the OSMO but also to go to coding websites like Tynker and Hour of Code!

It has been so popular that I have decided to start a coding club to take place before school!

Please follow [@gtebookqueen](#) on Twitter to stay informed about all the happenings in our media center!

OSMO Coding set
